

SustainHer

Girls on the Run-Chicago

What is SustainHer?

SustainHer is Girls on the Run-Chicago's recognition society for those who are sustaining our work day in and day out. Specifically, members are volunteer coaches from the fall, spring, or both seasons each school year and donors who gave at least \$350 cumulatively during that same time.

Why these two groups?

Volunteer Coaches: Because this group gives SO much of their time to our girls and they make our work possible.

Donors who gave at least \$350: Because that is what it costs to provide one participant with a full program scholarship, giving them access to Girls on the Run-Chicago's life-changing programming at a time when they need it most.

What are the benefits?

Members will receive additional impact reports from us, gain early access to ticketed events throughout the year, and a free entrance to a SustainHer focused event. The inaugural SustainHer Social was held in August of 2023 at Bronzeville Winery.

What is the SustainHer Social?

This is our chance to bring together and honor folks who support our mission. We hosted our inaugural SustainHer Social in August at Bronzeville Winery, it was free for SustainHers to attend and we celebrated and connected with folks over food, signature cocktails, music, and door prizes.

How much does it cost to attend the social?

Attending the SustainHer Social is free to all SustainHer members!

When does my membership renew?

Membership aligns with the school year. Simply volunteer to coach during the fall or spring season OR maintain a \$30 per month donation or give at least \$350 from August to July each year to maintain your membership.
